Why choose when you can have it all?

OLIVETTI d-COPIA 200MF
MULTIFUNCTIONAL DIGITAL COPIER

olivetti

WHY SHOULD YOU HAVE TO CHOOSE FROM THE REST WHEN OLIVETTI HAS REVO-LUTIONISED THE MULTIFUNCTIONAL COPIER CONCEPT, AND TURNED THE PRINTER INTO A STANDARD FEATURE ON THE d-COPIA 200MF. SO, IF YOU ARE CONSIDERING MULTIFUNCTIONAL SOLUTIONS, THE MOST IMPORTANT DECISION HAS ALREADY BEEN MADE AND ALL YOU HAVE TO DO IS ENJOY THE BENEFITS. BECAUSE THE OLIVETTI d-COPIA 200MF IS A TRULY PROFESSIONAL PERFORMER, WITH LEVELS OF QUALITY AND COST-EFFECTIVENESS THAT ARE INCREDIBLE FOR THIS CLASS OF PRODUCT. QUITE SIMPLY, THE d-COPIA 200MF IS THE IDEAL MACHINE FOR PROFES-SIONALS OR SMALL OFFICES WHO WANT FLEXIBILITY WITH THEIR MULTIFUNCTION-ALITY AND, RIGHT FROM THE START, ALL THE PROFESSIONAL QUALITY OF THE OLIVETTI NAME.

CHOOSING A FULL RANGE OF FEATURES

The creation of the multifunctional product is certainly the most innovative advance in office solutions today. If you can harness their full potential, it gives you an added edge in achieving business success.

The Olivetti d-Copia 200MF is the new concept in Olivetti multifunctional digital copiers: by providing a printer as a standard feature, this model extends to printing with robust and flexible workload capabilities that were previously guaranteed only on copiers. A quantum-leap in multifunctional models.

The Olivetti d-Copia 200MF delivers a full series of professional functions: standard copying and printing, optional scanning and fax transmission, and management of A3 and A4 paper formats. It also provides an optional sorter unit for easier document management and smarter job presentations

CHOOSING SIMPLICITY

Office work is easier with the Olivetti d-Copia 200MF: not only because the device is multifunctional, but above all because it is so easy to use: the system can be activated from the operator panel, whose keys and display make for intuitive operation, or, for users in networked environments, directly from the PC. The d-Copia 200MF also comes with a host of facilities to make life easier, such as the scan to e-mail function or digital document filing capability.

User friendliness is not limited to machine operation, it also covers replacement of consumables, which could not be simpler with the d-Copia 200MF. And there is no risk of toner leaks, because the cartridge is hermetically sealed.

CHOOSING SPEED

The Olivetti d-Copia 200MF is a fast multifunctional device. With its sturdy 300 Mhz PowerPCc processor, it delivers the fastest processing speed of any machine in its class.

The result is that it copies, or prints, 20 pages per minute, and takes only 3 seconds to scan a page or just 2 seconds to send a fax.

CHOOSING DURABILITY

If the d-Copia 200MF surprises you with its superior performance, you'll be even more impressed by its drum life, an unbelievable 150,000 copies, and its long-life mono-component toner.

Together, they ensure peace of mind in the workplace.

And of course, the d-Copia 200MF bears the Olivetti name, with all the guarantees and reliability of a top brand and its extensive service network.
