4. Tray
5. Optional Tray

Control Panel Components

1. Toner indicator
2. Warning Light
3. Stop Button

High capacity keeps the work day productive

High toner yields and unique cartridges increase efficiency

Nothing slows down a productive day faster than having to spend valuable time changing toner. But with toner yields of 4,000 pages (2,000 for colour printing) you'll be amazed at the fast, high-quality printouts. When it finally comes time to change toner, it is quick and simple with Samsung's unique toner design. The mini circular toner cartridges allow for easy toner change. With just a simple twist, the toner locks into place and you're all done.

Smallest colour laser with choice of emulation

Choice of emulation comes standard

The CLP-350N gives you a choice of printing emulation as a standard feature. In fact, it is the smallest colour laser to support both PostScript3 & PCL6 emulations. The compact size of this colour laser won't limit your options or compromise print quality.

Network printing keeps the workflow connected

Network ready colour laser simplifies output

Even small businesses need efficient printing solutions. Sharing a colour laser printer is even more efficient with the standard network ready feature. Now print fast colour documents from any PC and keep your business connected.

Compact and stylish design are a perfect fit for professionals

Colour laser designed for small business environment

This powerful compact colour laser with refined modern style was designed to fit into professional workspaces. Now even small professional businesses and home offices can upgrade to colour and enhance the impact of their printouts. At 390mm x 420mm x 270mm this colour laser will fit on a desk or a shared workspace, and the refined design will add a touch of style.

Colour quality makes your printouts stand out

Superior colour quality from a compact laser

It's a colourful world and businesses need brilliant colour to represent the value of their business. The CLP-350N compact colour laser delivers full-sized colour quality that's just right for your business presentations, posters, documents and many more. With 2400 x 600 dpi resolution and genuine Samsung printing supplies, the colour quality will impress you and your customers.
